SKILLS

FRONT END DEVELOPMENT | • JavaScript • Bootstrap • HTML • CSS

BACK-END DEVELOPMENT | CodeIgniter • PHP8 • JSP • Servlets

SOFT SKILLS | Team player • Bias for action • Deliver results

EXPERIENCE

Avits | HTML, CSS, JavaScript, PHP8, CodeIgniter

Full Stack Developer Intern | August 2024 – Present, Remote

Polycritck (E-commerce website for stickers)

- Contributed to the development of Polycritck, an e-commerce website focused on selling custom stickers.
- Implemented user-friendly features such as product search, shopping cart functionality, and secure checkout processes.
- Collaborated with UI/UX designers to create responsive and visually appealing web pages.
- Ensured data integrity and security by implementing form validation, user authentication, and session management.
- Improved site performance through code optimization and bug resolution.
- Resulted in a 20% increase in user engagement and faster page load times.

Lunchbox (Online food ordering platform)

- Worked on Lunchbox, a food ordering platform that enhanced user experience by enabling efficient menu browsing, order placement, and real-time order tracking.
- Developed and maintained dynamic front-end interfaces and robust back-end services.
- Participated in agile practices, including code reviews, sprint planning, and daily stand-ups, for smooth development cycles.
- Enhanced platform reliability, leading to increased user satisfaction and streamlined order management.

Online Exam Registration System

- Developed an online platform to streamline the exam registration process, providing a user-friendly and secure experience for students.
- Built the front end using **HTML, CSS, and JavaScript** for intuitive user interactions.
- Implemented back-end functionalities with **Java-Servlets** to handle user registration, exam listings, and registration management.
- Integrated **MYSQL** for secure and efficient data storage, ensuring data confidentiality and protection.
- Designed user registration features to securely store usernames and passwords.
- Enabled admin access for viewing and managing user registrations to facilitate efficient process monitoring.

EDUCATION

Vignana Bharathi Institute of Technology

Bachelor of Technology in Computer Science

GPA: 7.6

[2021] – [2025]

Narayana Junior College

Intermediate

GPA: 8.7

[2019] – [2021]

Certifications

- **Wipro Talent Next course- java Full stack**
- **Infosys Springboard – The Complete Web Development Training Courses | Web Design Courses**
- **Cisco-The Complete Web Development**
- *Explore ML by Google*
- **Cisco Networking Academy – Introduction to Cybersecurity**

COURSEWORK

- Web Technologies
- Data Structures and Algorithms
- Computer Networks
- Operating Systems
- Software Engineering
- Database Management Systems

INTERESTS

- Web Development
- Web Design
- UI/UX Design
- Open Source Contribution
